

CALLE & RIDGE

Married & Celebrated: GRAY BRIDGE, SULTAN
Date: AUGUST 28, 2022

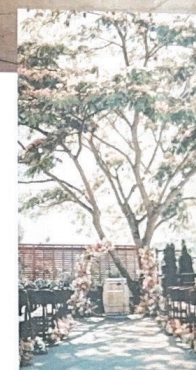

Calle Lieppman and Ridge Foster's luxurious celebration was inspired by their then upcoming honeymoon in Morocco and their shared love of good food. Though the couple is now based in Nashville, it was important to Calle that they tie the knot in Washington, the state where she was born and raised. After an online tour of Gray Bridge, Calle was sold; not only did she love Gray Bridge's luxurious boho vibes, but also that the venue allowed the couple to bring in their desired caterer. And because upscale food was a priority for them, this sealed the deal. Keeping in mind her and Ridge's love of both food and their honeymoon destination, Calle opted for a warm color palette inspired by Moroccan spices: burnt orange, terra-cotta, mauve and gold, along with touches of navy for contrast and to give a masculine edge to the design. And while Calle loved the idea of boho picnic-style seating, she knew that not all the guests would be thrilled with sitting on the ground. So the cushion-seated table was flanked by two full-size feasting tables, and all the guests dined from a custom menu curated by Lovely Night—which included a standout short rib! To honor Calle and Ridge's three adorable dogs, Calle's brother created three signature cocktails, each inspired by one of the pups' unique personalities: sweet, spicy and sassy! Desserts included a honey-vanilla cake and a variety of Moroccan-inspired doughnuts that featured flavors such as cardamom and rose, pistachio and classic vanilla.
